che chiarisce cosa fa un'organizzazione per proteggere i bambini

da abusi e danni (intenzionali o non intenzionali) di diverso

tipo (sessuale, fisico, emotivo, negligenza) e comportamenti scorretti

(come quelli sessuali, molestie, bullismo). Il team Tice in

In pratica cosa facciamo per tutelare la tua sicurezza?

           
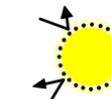

Puoi scegliere se leggere il file anche con la CAA o

         
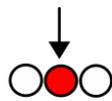

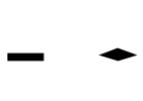

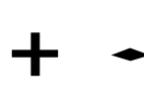

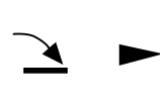

ascoltarlo cliccando qui. Questo documento è fatto insieme a

           
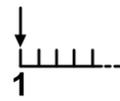

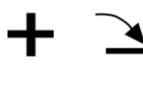

bambini/e e ragazzi/e che frequentano Tice. Ricordati che è

        
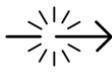

per te, lo puoi modificare in ogni momento scrivendo, mandando

      
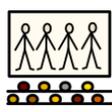

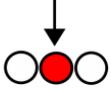

un audio o una foto (3400648709).

 Come  ti  tuteliamo  nelle  situazioni  di emergenza

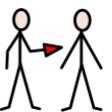

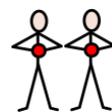

In ogni  centro  c'è un  responsabile  e una  politica attiva  per la

 sicurezza,  per  il primo  soccorso,  per  gli  incendi  e per  altri

  
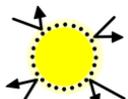

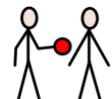

eventi climatici estremi.

 Abbiamo  una  compagnia assicurativa  che  assicura  i centri  Tice,

 ognuno  di  noi  e  te.

 Ti  diamo  i nostri  contatti telefonici  e social  per  chiamarci

 o  scriverci  in ogni momento  in cui  non  ti  senti sicuro/a.

     
Come tuteliamo il tuo corpo

          
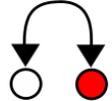

Fissiamo i mobili alle pareti, non lasciamo oggetti rischiosi in giro

        
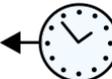

e acquistiamo materiali adatti alla tua età.

        
Quando mangi con noi prestiamo attenzione che il cibo

          
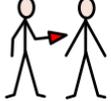

non sia rischioso e che tu riesca a mangiarlo in

  
autonomia.

       
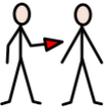

Quando hai comportamenti etero o auto aggressivi usiamo

        
procedure di contenimento fisico su cui siamo formati.

        
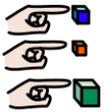

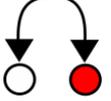

Se hai paura del/la dottore/dottoressa usiamo metodologie che

 possano  aiutarti  a ridurre  il disagio  per  consentirti  di  essere

 visitato/a.

 Attraverso  la  psico-educazione  ti  rendiamo  consapevole  dei  rischi

 connessi  alla  sedentarietà, a  una cattiva  alimentazione,  al  fumo,  
 all'alcool  e  all'assunzione di droghe.

 Sosteniamo  la  dignità  di  ogni  corpo  conforme  o  non

 conforme  per  questo  non  facciamo  domande  su  come  il tuo

 corpo cambia  (sei  dimagrito/a?;  sei  ingrassato/a?)  o  su  come il

 tuo  corpo  è  (perchè  sei  in carrozzina?).

 Siamo pronti  ad  ascoltarti  se  vuoi  parlare  del  rapporto  con il

 tuo  corpo.

 Ti coinvolgiamo  in  percorsi  psico-educativi  sulla  sessualità  per

 promuovere  una  sessualità  sicura,  sana  e appagante.

 Quando  metti  in  atto  comportamenti  o  condotte  autolesioniste

 o  rischiose  (dopo  averlo  condiviso  e  definito  con te)

 informiamo  la  tua  famiglia  per  pensare  a come  aiutarti.

 Il tuo  consenso  è  fondamentale:  prima  di  abbracciarti,

 toccarti  o  avvicinarci  a te  ti  chiediamo  se  ti

           
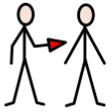

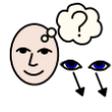

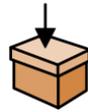

fa piacere e ti insegniamo a fare lo stesso con gli/le

     
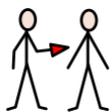

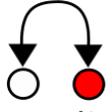

altri/e.

         
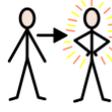

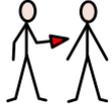

Ti aiutiamo a diventare consapevole di quali ambienti e

      
stimolazioni sensoriali ti fanno stare bene.

        
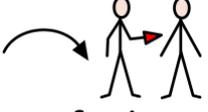

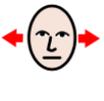

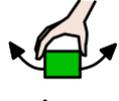

Come promuoviamo un tuo cambiamento in sicurezza

          
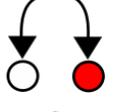

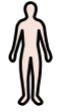

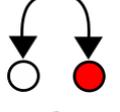

Se non puoi esprimerti cerchiamo di intuire cosa è importante

          
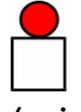

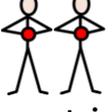

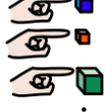

per te e chiediamo alla tua famiglia quali sono i

         
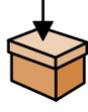

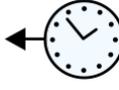

cambiamenti e gli apprendimenti che potrebbero darti

     
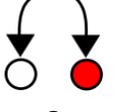

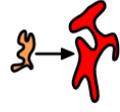

più libertà e dignità.

 Per  farti  imparare  non  usiamo  nessun  tipo  di  violenza

 o  costrizione  fisica  o  psicologica  e  apertamente

 (sui  nostri  canali)  ogni  forma  di  violenza.

 Ti  chiediamo  cosa  è  importante  per  te  essere, capire,

 imparare  o  modificare.

 Ci  interessa  sempre  sapere  come stai  mentre  impari  e  te

 lo  chiediamo  spesso.

 Ci  impegniamo  per  farti  imparare  a  chiedere aiuto.

 Cerchiamo  sempre  di  farti  capire  con  un  linguaggio  adatto

 alla  tua  età  quali  procedure  e metodologie

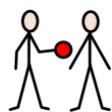

psicologiche/educative  utilizziamo  o  di  che  ricerca  sei  parte.

 Come  proteggiamo  la  tua  mente

 Ti  parliamo  della  mente  per  aiutarti  a conoscerla  e

 capire  i  suoi  bisogni.

 Acquistiamo  e  ci  aggiorniamo  su test  e  strumenti  per

 valutare  in  modo  oggettivo  le tue  caratteristiche  e  le

 tue  difficoltà  e  punti  di  forza.

 Effettuiamo  diagnosi  precoci  che  consentano  di  dare  un

          
nome alle tue caratteristiche e confrontarti con una comunità

       
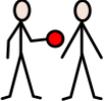

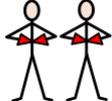

di esseri umani in cui conoscerti e riconoscierti.

        
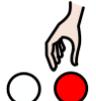

Sosteniamo la tua individualità promuovendo l'osservazione di

          
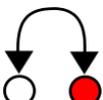

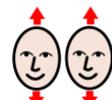

te stesso non ci interessa confrontarti con gli altri nè

        
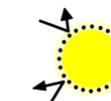

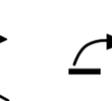

generare competizione con altri o con uno standard.

          
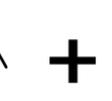

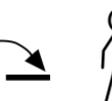

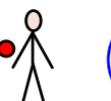

Non parliamo a nessuno di quello che ci dici e se la

       
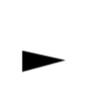

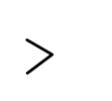

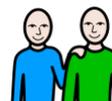

tua famiglia o altri professionisti ci chiedono informazioni

          
decidiamo con te cosa fare e cosa dire; non condividiamo

         
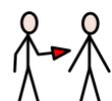

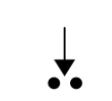

foto, video o altre informazioni senza il tuo consenso.

Rispettiamo il tuo orientamento sessuale e affettivo (non diamo

         
per scontato che ti piacci aun ragazzo o una ragazza).

        
Siamo consapevoli del razzismo, dell'abilismo sistemico e di altre

         
discriminazioni: ti aiutiamo a riconoscerli e a combatterli.

      
Promuoviamo una cultura nella neurodiversità insegnandoti a rispettare i

          
diversi modi di pensare, provare emozioni e comportarti.
